Name: _____ Class: _____ No: _____ Date: _____

Part A: Label the text and graphic features on the article below.

WORD BANK

title heading subheading photograph illustration diagram caption label sidebar

1. _____

Sea Turtles: Amazing Ocean Travelers

Sea turtles have been swimming in Earth's oceans for more than 100 million years! These amazing animals travel thousands of miles, return to the beaches where they were born, and help keep our oceans healthy. There are seven different kinds of sea turtles, and each one has special features that help it survive in the ocean.

2. _____

DID YOU KNOW?

Sea turtles can hold their breath for several hours while resting underwater.

3. _____

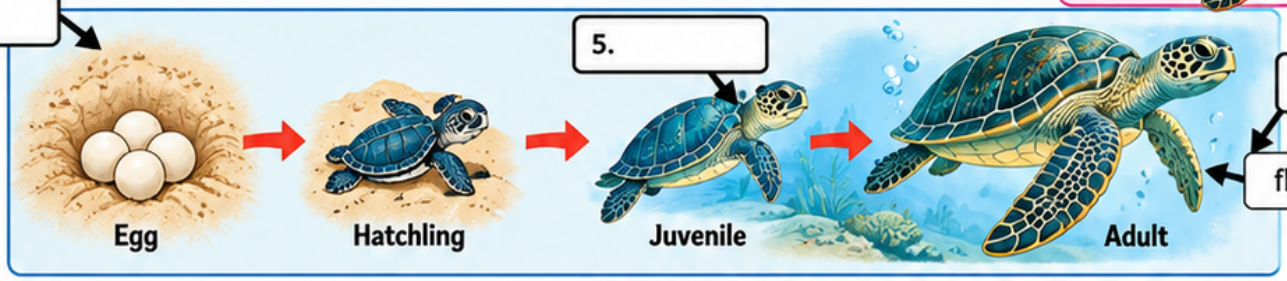

Life Cycle

Sea turtles go through a life cycle with four main stages. The diagram below shows how a sea turtle grows from an egg to an adult.

4. _____

5. _____

6. _____

7. _____

Where They Live

Sea turtles live in warm oceans around the world. They can be found near coral reefs, seagrass beds, and even open oceans. Different sea turtles prefer different habitats, but all of them need clean water to stay healthy.

8. _____

9. _____ A green sea turtle swimming over a coral reef.

Part C: Read each question and circle the correct answer.
